Prince Ulther's Dragon Company

Upon his deathbed in Karaz-a-Karak, the aged King Ulfar Stonehammer of Karak Ungor tasked his son and heir, Ulther, with a great duty; to free their ancestral home from the hated Goblins that had overrun it 4,000 years ago. Taking for his banner a Dragon-carved post from his father's deathbed, the young prince accepted his obligations.

Since that fateful day, Ulther has refused to accept the title of king, insisting that he would first fulfil his father's wish before being crowned within the great hall of Karak Ungor. To this end, the Dragon Company campaigns far and wide, the prince forging alliances with powerful Dwarf lords and Imperial nobles, preparing for the day when he will lead a great throng in the liberation of his stolen home.
